The Salon Professional Academy provides its most recent Graduation and Employment rates for each program. These rates are based on specific time periods defined by our accrediting agency, ACCSC, as we are required to submit for the Annual Report. Below you will find the following information:

- The covered date range. The students represented in the tables below began their education at The Salon Professional Academy during these date ranges.
- The number of students available for graduation/employment after exemptions (e.g. military service, disability, death, etc.) were removed.
- The number of students who actually graduated or became employed in their field.
- The percentage of those who graduated or became employed.
